

Utah Dance Film Festival is an annual international dance film showcase. UDFF screens and awards films, hosts dance and film workshops, and partners with local businesses and college programs to amplify Utah's performing arts and film production economies.

UDFF's annual 48-hour movement-in-film competition, MOVE, is returning with broad parameters. Movement is not confined solely to dance, but to the expansive possibilities of the human form in motion.

We are so excited to watch your visions come to life through this risk-taking, fast-paced, and explorative creative medium.

MOVE will be held **March 6-8, 2026**.

Films will be screened and awarded on Saturday, March 14th, 2026, at the Film and Media Arts Cinema at the University of Utah.
